

Bridging the Tamar Responsible Visitor Charter

We are committed to providing an enjoyable experience whilst minimising the environmental impact of our activities. As a visitor or local resident, you can help too.

We invite you to consider these points to help us keep this area beautiful for future generations.

What's the greenest way you can get to Bridging the Tamar?

We are on a bus route, and it is also a short walk over the Bridge from Saltash Railway Station. Whilst you're here you can hire a Beryl Bike. If you fancy a hike we're part of the Tamara Coast to Coast Way.

Where will you eat lunch?

There are several local cafes in Saltash. For example, Community Enterprises PL12 has a Community Cafe. All the food is surplus to the requirements of local shops and businesses – it would otherwise have gone to waste.

Recycle

We don't use single use plastics, and Suez is Zero to Landfill. Re-use reduce and recycle where you can.

Shop local

Use local products. They give you a flavour of the real Plymouth, St Budeaux and Saltash, and help support local communities. We are fortunate to have some fantastic producers of food, drink, arts and crafts locally.

Be water wise

Turn off the tap when you've washed your hands. Please do not flush inappropriate objects down the toilet (the 3 P rule – poo, pee and toilet paper).

Respect nature

Use footpaths and cycleways responsibly. Help us to look after this site by not littering.

Support Green Businesses

There are thousands of businesses in the UK working to reduce their carbon footprint through the Green Tourism Business Scheme, and Bridging the Tamar is one of them. For more information go to green-tourism.com

Please let us know how we are doing by e-mailing visit@tamarcrossings.org.uk
